

Fino

Endless Power, Variable Voltage,
Serious Stealth

Detachable Dock, Powerful Portability

Bid farewell to dead batteries and the inconvenience of constant cable charging! Fino's Detachable Dock is a portable power bank equipped with a robust 1000mAh battery capacity. This allows for the on-the-go Battery contained within to receive over 5 full charges! Attach your Battery to the Dock to immediately enjoy lightning-fast charging.

8 voltages

Potency and Flavor Control... with Precision

Fino's 8 voltage settings* are expertly crafted to cater to your unique preferences. With 0.2V increments ranging from 2.2V to 3.6V, select your desired setting by either tapping or holding the voltage button. Lower your voltage for more flavor and increase your voltage for more vapor!

*Voltage adjustment requires connecting the Battery to the Dock

Clear Clogs and Sail Smoothly

Engineered with a 10-second preheat function*, the Fino Battery warms up instantly with one gentle tap of the preheat button. Clear any cartridge clogs you may be experiencing and prepare for smooth and consistent clouds.

*Preheat function requires connecting the Battery to the Dock

Mini Battery, Maximum Discretion

Keep your consumption hidden with Fino's minimal and thoughtful design! The Battery, which is as compact as two AA batteries, easily fits in your hand or pocket. Its metallic casing and rounded edges offer an ergonomic grip, ensuring complete user comfort and satisfaction.

Easy-View Battery Life and Voltage Settings

The days of endless button taps and uncertainty are gone! With Fino's intuitive LED indicator lights built right onto its Dock, simply open or close the Case to check your current voltage setting and battery level*.

*Connect your Battery, Dock, and Case together prior to checking your settings

Specs

- Battery capacity: 190mAh (Battery) + 1000mAh (Dock)
- Dimensions:
 - Battery: 25 x 13.35 x 55.4 (mm) / 0.98 x 0.53 x 2.18 (in)
 - Dock: 50.6 x 20 x 68.9 (mm) / 1.99 x 0.78 x 2.71 (in)
- Detachable power dock
- Discreet mini battery with oil view window
- 8 voltage settings (0.2V increments between 2.2V-3.6V)
- 10-second preheat
- Drop-in magnetic connection compatible with 510 carts
- Highly intuitive LED indicator lights
- Inhale activated
- USB-C charging
- Available for customization
