

PALM Pro Full Control in the PALM of Your Hand

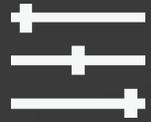

Same Classic Design, So Much More to Offer.

PALM: The classic battery that defined the vaporizer industry. This exemplary battery's evolution, PALM Pro, brings an elevated experience that defies the ordinary and will forever change the way you vape.

Drop, Adjust, Draw.

From setup to use, PALM Pro provides the ultimate user-friendly experience.

3 voltage settings

Airflow adjustability

Preheat functionality button

Inhale activation

Drop-in magnetic connection

Battery status indication

3 Voltage Settings, 3 Unique Experiences

You've asked for options, so we provided the solution. Experience your cartridges exactly the way they were meant to be consumed with 3 different voltage settings. Whether you want more flavor or more vapor, PALM Pro is here to cater to your preferences.

- 2.8V** For maximum flavor
- 3.2V** For a well-balanced experience
- 3.6V** For maximum vapor

Control the Flow

Equipped with an intuitive airflow collar, PALM Pro is able to deliver more than just adjustable voltage settings. Control the suction resistance simply by adjusting the size of the gap.

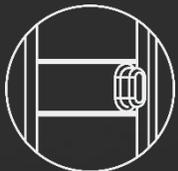

FULLY OPEN

For less dense clouds and cooler vapors

HALFWAY OPEN

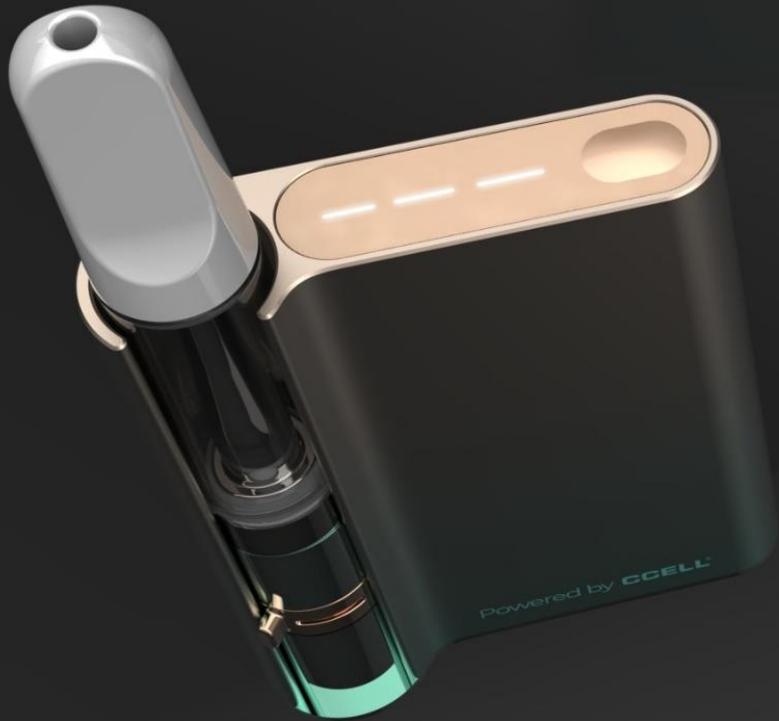

Happy medium for flavor and clouds

NARROWLY OPEN

For warm, dense, tasty clouds

Preheat to Start with Richer Flavors

PALM Pro's preheating function lasts for 10 seconds and allows for delicious flavors and rich clouds from the first puff, even in cold weather.

Simply give the button a long press and PALM Pro will take care of the rest for you.
