

M4B Pro

Function Meets Precision

CARTRIDGES NOT INCLUDED

10-Second Preheat

Engineered with a 10-second preheat functionality, the M4B Pro battery warms your oil gently, releasing its full flavor profile and delivering rich clouds of vapor from the first inhale.

Tap the button
2 times for preheat

Protective Power Lock

Tap the button 5 times in quick succession and the M4B Pro will turn off (or on). This safety feature helps prevent accidental activation in your pocket and unauthorized use by minors.

Tap the button
5 times to turn on/off

3 Voltage Settings, 3 Distinct Experiences.

Customize your consumption experience with the M4B Pro's voltage settings. Choose 2.8V for true-to-plant tastes, 3.6V for large clouds of vapor, or 3.2V for a happy medium!

2.8v

3.2v

3.6v
